

## **Credit China FinTech Debuts at LendIt as Guest Speaker Sharing Insights and the Group’s Success Story in Asia**

**Credit China Fintech Holdings Limited** (and its subsidiaries the “Group”) (“CCF”, stock code: 8207.HK) has been invited to be a guest speaker at LendIt 2017 in New York, USA. LendIt is the world’s largest and most influential FinTech conference, and this year’s event will mark the first time that CCF has made an appearance to share its successful experience in the evolving FinTech industry in Asia with guests from around the world.

**Mr. Phang Yew Kiat, vice-chairman and chief executive officer of Credit China Fintech**, said, “As an integrated FinTech company, CCF has presided over a considerable increase in the number of users on its platforms and transactions, and has witnessed notable growth in both revenue and profit. Based in China, CCF has successfully expanded into Vietnam and is expected to enter more markets in Southeast Asia in the future. The Group will continue to expand its FinTech ecosystem, and remains firmly committed to providing inclusive digital financial services to individuals, corporates and merchants across Asia Pacific.”
